

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting **Temporary Full-Time (Approximately one year; Monday to Friday evening shifts)** opportunity as a **MRI Technologist (Competition #137.17)** exists in the **Joint Department of Medical Imaging**, reporting to the Clinical Manager.

The Joint Department of Medical Imaging at the University Health Network, Mount Sinai Hospital and Women's College Hospital is committed to creating an internationally recognized organization that provides the highest standards of education and research in Medical Imaging. The department features state-of-the-art technology and a team of innovative Technologists dedicated to patient care and superb image quality, backed by a commitment to continuing education and quality assurance program initiatives.

Summary of Duties, but not limited to:

- Performing Magnetic Resonance imaging procedures as outlined in the protocol/procedure manuals
- Operating, troubleshooting and ensuring that medical imaging and ancillary equipment are performing in an effective and efficient manner
- Preparing written and electronic reports required to document all procedures and test results
- Maintain high standards of practice and excellence in imaging quality and patient care
- Attendance at meetings as required
- Assistance in data processing, responsible for teaching, training, educational, research, safety and quality improvement programs/activities
- Performing other related patient care responsibilities to facilitate the provision of optimal patient care
- Participate in research, safety and education of patients, staff and students observing and understanding Hospital and departmental policies and procedures and designing imaging policies and procedures that will result in improvements in technical quality
- Adhering to Hospital and departmental mission and value statements while maintaining patient confidentiality
- Performing cross-functional responsibilities as assigned, or requested
- Performing other duties related to the job classification, as required
- Must be able to cover all shifts as required
- As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Completion of a recognized post diploma program in MRI certification required
- Registration with the College of Medical Radiation Technologists of Ontario (CMRTO) required
- Three (3) year recent clinical MRI experience preferred
- Cross-sectional Anatomy course required
- Contrast injection course required
- Basic Cardiac Life Support (BCLS) program, Level II: Basic Rescuer certification required
- Registration with the Canadian Association of Medical Radiation Technologists (CAMRT) preferred
- Excellent problem recognition and problem solving skills
- Effective time management skills; ability to organize work and set priorities
- Excellent verbal and written communication skills

EMPLOYMENT OPPORTUNITY

- Ability to work effectively as a team member, as well as the ability to work as an autonomous professional
- Ability to work effectively and efficiently in a fast paced environment at all sites
- Must be computer literate
- Demonstrated satisfactory work performance and attendance history
- Experience with Siemens platform preferred
- Exhibits values consistent with Women's College Hospital's excellence in Patient Care and Personal and Professional Accountability.
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

POSTING DATE: July 5, 2017

Please forward resumes via email to HR@wchospital.ca with the competition number 137.17 in the subject line.

We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Aboriginal peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
