

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting Regular Full-Time opportunity as a **Physiotherapist (Competition #175.17)** exists in the Toronto Academic Pain Medicine Institute (TAPMI) reporting to the Director. The Physiotherapist is responsible for the provision of service of ambulatory chronic pain physiotherapy. The Physiotherapist will use a patient centered approach to collaborate within the multi-disciplinary team at Women's College Hospital to provide effective assessments and treatments to support the patient's ongoing management of chronic pain.

Summary of Duties, but not limited to:

- Responsible for the assessment of clients, establishment and ongoing evaluation and revision of treatment programs.
- Delivers patients education and treatment in both individual and in group settings.
- Maintains current accurate clinical records according to standards set by the College of Physiotherapists. Documents assessment results, goals, treatment, and client progress.
- Collaborates with other members of the health care team as needed.
- Communicates pertinent information and recommendations to clients/care providers and provides education regarding treatment strategies as needed.
- Provides education to team members on discipline-specific clinical care.
- Assists with TAPMI program development activities, including liaising with interprofessional team members and partner sites as required.
- Actively participates in program research activities, as required.
- May provide care at one or more of the TAPMI partner sites as required

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Licensed to practice by College of Physiotherapists of Ontario.
- Bachelor's degree in Physiotherapy; Master's degree preferred
- Experience in pelvic physiotherapy preferred
- Experience working in an inter-professional team in a hospital setting preferred.
- Experience working in a functional pain program including the utilization of physical and psychosocial interventions preferred
- Excellent communication and interpersonal skills.
- Demonstrated effectiveness as an interdisciplinary team member.
- Demonstrated problem solving skills, good judgement and flexibility.
- Good time management skills
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all
