The **Foot Care Centre** is a specialty orthotics and foot assessment clinic. Our clinical staff includes Pedorthists, Occupational Therapists and Chiropodists. Our retail section includes orthopaedic footwear, compression stockings, and foot care products available during our regular business hours from 9am-5pm (closed for lunch from 12-1pm).

### Clinical Services

- Our clinical services are available *by appointment only* and include: biomechanical foot assessment, gait analysis, custom-made orthotics, footwear advice, and footwear modifications.
- Most insurance providers require a physician's diagnosis and prescription for orthotics and orthopaedic footwear claims.
- You should check with your insurance provider regarding your coverage and their specific requirements *prior* to your appointment in our clinic.
- **Our clinic does not provide nail or skin care.** For information on finding a Chiropodist in the community to provide those services, please contact the College of Chiropodists at 416-542-1333 or [www.cocoo.on.ca](http://www.cocoo.on.ca)

### When attending your appointment in our clinic...

- Bring the footwear and orthotics that you normally wear.
- Please do not wear pantyhose to your appointment.
- While there is no fee for consultations (for residents of Ontario), there is a charge for orthotics and other products and services.
- If you are receiving funding from social assistance (Ontario Disability Support Program or Ontario Works) please notify our receptionist when booking your appointment to ensure that you see the appropriate clinician.

We are located at 60 Grosvenor Street on the ground floor of Burton Hall.
