

Patient Safety Culture Survey: Survey Now Open!

February 22 – March 11, 2016

Accreditation Canada has identified *patient safety culture* as a priority for creating an environment focused on safety. The Accreditation process requires the completion of the *Patient Safety Culture Survey* at least once in the three-year survey cycle. The tool measures employee perceptions of leadership support for safety, threats to safety, safety reporting, and learning culture.

Complete here: <https://www3 accreditation.ca/OrgInstrument>
Organization Code: WOMCO
Password: 1ED53F5E

All full time and part time staff in the following roles are encouraged to complete the survey online:

- Clinical roles (e.g. physicians, nurses, health disciplines professionals)
- Direct care roles, direct patient contact (e.g. health care aides, unit clerks)
- Departments servicing care (e.g. environmental services)
- Departments supporting patient care
- Managing/coordinating clinical areas (e.g. care managers)
- Leadership

Once you have completed your survey, email [Nizar Ladak](#) or [Theresa Kay](#) to be entered into the \$100 VISA gift card draw. For more information, contact Nizar Ladak at ext. 2530 or Theresa Kay at ext. 3103.
