

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

Two exciting **casual** opportunities as **Breast Imaging Technologist (Competition #321.18)** exists in the Medical Imaging Department, reporting to the Manager, Medical Imaging.

The Joint Department of Medical Imaging at the University Health Network, Sinai Health System and Women's College Hospital is committed to creating an internationally recognized organization that provides the highest standards of education and research in Medical Imaging. The department features state-of-the-art technology and a team of innovative technologists dedicated to patient care and superb image quality, backed by a commitment to continuing education and quality assurance program initiatives. Breast Imaging Division is a Mammography Accredited Centre with the Canadian Association of Radiologists (CAR) and also an Ontario Breast Screening Program (OBSP) site.

Summary of Duties, but not limited to:

- Performing Breast Imaging procedures as outlined in the protocol/procedure manuals
- Operating, troubleshooting and ensuring that medical imaging and ancillary equipment are performing in an effective and efficient manner
- Preparing written and electronic reports required to document all procedures and test results
- Meet CAR and OBSP digital quality assurance standards
- Participate in professional development, teaching and educational activities
- Performing duties related to the job classification as required with possibility of rotating to other Breast Imaging Corporate sites on an as needed basis
- As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Current registration with the CMRTO and fulfilling the annual required continuing education as per CMRTO
- Previous Breast Imaging experience with successful completion of Mammography 1 and 2 certificates from CAMRT; membership with the CAMRT preferred
- Completion of a BCLS program, Level II: Basic Rescuer certification
- Ability to demonstrate sensitivity towards patients in a challenging situation
- Demonstrates strong technical skills and excellent image quality including ability to utilize good judgment to ensure work is always performed in the best interest of the patient and team
- Effective time management skills, ability to organize work, set priorities and multi-task
- Ability to work accurately and maintain high image quality under stressful conditions
- Ability to work effectively and efficiently in a fast paced, high patient volume environment
- Ability to work effectively in a supportive team environment including ability to work independently
- Excellent problem solving and recognition skills including ability to use constructive criticism or self-improvement
- Strong written and verbal communications skills including relevant clinical documentation

EMPLOYMENT OPPORTUNITY

- Commitment to on-going continuing education
- Excellent teaching skills
- Demonstrated satisfactory work performance and attendance history
- Effective computer skills
- Demonstrated knowledge/experience in Digital Radiography and Digital equipment quality control preferred
- Previous working experience at an Ontario Breast Screening Program [OBSP] facility preferred
- Previous working experience at a CAR Mammography Accredited Facility preferred
- Previous Breast Ultrasound experience preferred
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital.
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all.

POSTING DATE: Wednesday November 28, 2018

Please forward resumes via email to HR@wchospital.ca with your name and the competition number in the subject line. (Example: Jane Smith, 1.16)

We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Indigenous peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
