

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting **temporary part-time** opportunity as a **Research Assistant (Competition #332.18)** exists in the Women's College Research Institute reporting to the Principal Investigator.

Summary of Duties, but not limited to:

- Performing electronic literature reviews on selected topics
- Performing various online searches on provincial health care policy initiatives.
- Extracting information on research articles and websites into an electronic database and performing analyses
- Assisting with data collection and data management
- Assisting in the preparation of materials for presentation and publication
- Participating in the activities of various projects and various aspects of the research protocol
- Assisting with day to day administrative tasks

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- A university degree in a related field (e.g. health sciences or other health related disciplines)
- Strong skills in MS Office (Word, PowerPoint, and Excel) required; MS Outlook also preferred.
- Some experience in a health research setting preferred
- Experience with basic statistical methods and analysis preferred
- Demonstrated strong independent working and multitasking skills
- Excellent problem solving skills
- Ability to work well in a deadline-oriented and team-based environment
- Excellent communication (written and verbal) skills
- Excellent organizational and administrative skills with attention to detail
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

POSTING DATE: December 6, 2018
