

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting **casual** opportunity as a **Bone Density Technologist (Competition #65.19)** exists in the Bone Density Department reporting to the Clinical Manager.

Summary of Duties, but not limited to:

- Responsible for performing daily Quality Control on the DXA machines as set by departmental standards (SOP)
- Responsible for performing all bone density procedures including spine, hip and forearm. Process same and perform correlative measurements.
- Process all bone density exams performed and ensure current and correct demographic data is on exam and in the electronic record.
- Check technical quality of exam prior to dismissing patient and evaluate necessary criteria for acceptable bone density exam.
- Obtain correct/current clinical history on patients. Check orders and patient identity prior to exam.
- Assist, instruct and educate patient prior to, during and after procedure
- Clean equipment, maintain supplies and exam room on a daily basis. Report all needs and repairs to supervisor in a timely fashion
- Participate in student training as required
- Participate in continuing Education activities for the CMRTO and the ISCD
- Provides excellent patient care, while maintaining confidentiality of patient information
- Ensure a safe environment in the examination rooms

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Current Registration and good standing with the College of Medical Radiation Technologist of Ontario (CMRTO: M.R.T.(R)/(N)
- Certified Densitometry Technologist (CDT/CBDT) preferred. For uncertified candidates, must complete ISCD certification program for bone densitometry within one year.
- CAMRT Preferred
- Experience with GE Lunar Densitometers preferred
- Excellent interpersonal, communication (verbal/written) and organization skills
- Communicate with patients, co-workers, providers, and supervisors in a professional manner
- Demonstrate ability to handle stress and conflict management in a professional, effective manner
- Excellent problem recognition and problem solving skills
- Demonstrate ability to organize work, set priorities, manage time effectively and take initiative

EMPLOYMENT OPPORTUNITY

- Demonstrate ability to work effectively and accurately, both autonomously and as an effective team member
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

POSTING DATE: Wednesday March 20, 2019

Please forward resumes via email to HR@wchospital.ca with your name and the competition number in the subject line. (Example: Jane Smith, 1.16)

We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Indigenous peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
