

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting **casual** opportunity as a **Cardiac Technologist (Competition #100.19)** exists in Cardiology reporting to the Clinical Manager.

Summary of Duties, but not limited to:

- The Cardiac Technologist is to perform holter hook-ups and scanning, stress testing, stress testing with echo/nuclear/pharmacological, ECG'S, ambulatory BP monitor hook ups, dobutamine studies, and IV insertion for contrast studies
- Acts as an advocate for safety and demonstrate principles, practices and processes that will optimize a safe environment for all
- Records findings and maintains accurate and complete electronic patient demographics and charts
- Communicate with hospital staff and other team members to ensure seamless patient care
- Prepares and ensures proper set up of examination rooms, equipment, supplies, applicable consent forms and related details associated with the reason of the patient encounter
- Ensures delivery of excellent customer service
- Assist with quality improvement projects as requested

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Completion of a recognized post diploma program in Cardiac Technology required
- Registration in good standing with the Canadian Society of Cardiology Technologists
- Must have a good understanding of the principles of Women's Health and their impact on cardiac testing
- Current BCLS
- Certificate & competency in IV insertion, an asset
- Community college course in arrhythmia recognition and performance of ECG's/Holters and stress testing
- Proficiency with Computer, including experience with Microsoft Office Suite Demonstrated excellent interpersonal and communication skills
- Proven attendance and punctuality
- Able to work independently or with a team, meeting tight timelines and be flexible in a women-centred environment
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

EMPLOYMENT OPPORTUNITY

POSTING DATE: April 23, 2019

Please forward resumes via email to HR@wchospital.ca with your name and the competition number in the subject line. (Example: Jane Smith, 1.16)

We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Indigenous peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
