

EMPLOYMENT OPPORTUNITY

Comp #	247.19	Position:	Student
Department:	Women's College Research Institute	Classification:	Temporary Part-Time
Union:	Non Union	Salary:	TBD
Hours of Work:	Up to 22.5 hours per week	Duration:	Approximately 12 months

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

The student will conduct graduate-level qualitative and policy research support for a multi-year developmental evaluation into neighbourhood care teams and integrated community-based care ("the evaluation"), led by WIHV/WCRI scientist Dr. James Shaw.

Summary of Duties, but not limited to:

- Working with the project team and relevant partners to implement a project.
- Recruiting participants/patients to the study.
- Assisting with data collection in the form of semi-structured interviews, data entry and data management.
- Assisting with preliminary analyses of data, with support from senior researchers
- Helping with literature searches as required.
- Assisting investigators in preparation of materials for presentation and publication.
- Supporting the administration of phone-based survey

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Student currently enrolled in an undergraduate, graduate, or health professional program
- Demonstrated experience working in health care environment
- Highly motivated; capacity and willingness to learn
- Demonstrated interest in scientific research
- Excellent written and verbal communication skills
- Excellent organization, prioritization, and multi-tasking skills with great attention to detail
- Ability to work independently and as a member of a team
- Excellent interpersonal skills
- Proficiency with Microsoft programs (Word, Excel, PowerPoint)
- Professional behaviour and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

EMPLOYMENT OPPORTUNITY

POSTED: September 3, 2019

INTERNAL CLOSE: September 10, 2019

Internal Applicants: complete the internal application/transfer form and forward your resume to the Human Resources Department. Please note: candidates who do not have the required qualifications will not be asked to attend an interview.

EXTERNAL CLOSE: Open until filled

External Applicants: Forward your application via email to HR@wchospital.ca with your name and the competition number in the subject line. (Example: Jane Smith, 1.16) We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Indigenous peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
