General Instructions after skin surgery Supplies in Post-Surgical Wound Care

Taking Care of Your Skin Flap or Excision

Skin Flap Instructions

- Leave the bandage we put on the wound for 24-48 hours
- After 24-48 hours, remove our bandage and clean the wound (**see Post-Surgical Wound Care sheet**)
- Optional: after this, you may cover with a light dressing for cosmetic reasons

Please have stitches removed in _____ days,

By your: Family Doctor / Dermatologist / Our office

Follow-up should be scheduled for approximately **6 weeks after surgery**
