

## Clinic Referrals

### Vulvar Dermatology Program

January 2016

Please note the Gyne Dermatology program is currently at capacity with requests for new patient referrals. As much as we appreciate the referrals, in order not to compromise the care of rostered patients, we will temporarily not accept new patient referrals for the next 6 months.

Thus, **we are currently closed to new referrals until July 2016** at which time we will reevaluate the capacity of the program. Your understanding is greatly appreciated.

All referrals are being returned to the referring physician without review by any health care provider.

Please refer your patient to either dermatology or gynecology as appropriate.

If there is a concern of vulvar cancer, referral should be made to gynecology oncology.

Dr. Marcus Bernardini	f: 416-946-2288	Dr. Stephane Laframboise	f: 416-946-2288
Dr. Sarah Ferguson	f: 416-946-2288	Dr. Taymaa May	f: 416-946-2288
Dr. Allan Covens	f: 416-480-6179	Dr. Ray Osborne	f: 416-480-6179
Dr. Rachel Kupets	f: 416-480-6179	Dr. Lillian Gien	f: 416-480-6179
Dr. Danielle Vicus	f: 416-480-6179		

If there is a concern of vulvar epithelial neoplasia, referral should be made to the colposcopy program here at WCH – Colposcopy clinic - f:416-323-6237.

Below is a list of physicians not associated with Women's College Hospital who may be appropriate to redirect your referral to:

Gynecology – Dr. Michael Shier f:416-480-4713 or Dr. Eli Shore f:416-864-5545

*(Please note Dr. Shore will be accepting referrals as of April 2016)*

Dermatology – Dr. Monika Winnicki – f:416-221-7546

Your patience is much appreciated.

Thank you,

---

Lisa Allen  
Site Chief Gynecology
