

# QuickTip

ACCREDITATION | December 5 to 9, 2022

Q-Tip #3

## INCIDENT REPORTING

- WCH's Incident Reporting Information System (IRIS) captures actual and near miss events
- Reporting safety incidents
  - ✓ helps prevent recurrences
  - ✓ enhances our understanding of safety risks
  - ✓ contributes to a culture of safety
- IRIS reports should be completed as soon as possible, preferably by the end of the working shift when the incident occurred or was discovered
- IRIS can be accessed through [mywch.ca](https://mywch.ca)
- Clinicians can also access IRIS through a patient's health record (EPIC)

*Incident reporting is an important component of safety*
