PATIENT EXPERIENCE SURVEY

**What:** A survey to collect patient feedback from all 14 University of Toronto family medicine teaching clinics.

**When:** Distributed and analyzed twice a year since June 2020.

**Why:** To learn what works for patients, what doesn’t work, and where we can improve. This survey is vital in helping us make advancements across all our sites. Thank you for participating!

791 patients from our clinic completed the latest survey

WHAT WE LEARNED

**Survey 9—Summer 2023**

In comparison with Summer 2022

**Phone wait times and bookings**

- 55% of respondents reported a 0- to 2-minute wait, compared to 40% last year
- 65% of respondents reported an excellent or very good booking experience, compared to 57% last year

**Access to urgent care**

- 66% of respondents were able to access same-day or next-day urgent care, compared to 61% last year
- 65% said it was easy to access urgent care after hours and on holidays, compared to 54% last year

Thanks to our Summer 2023 respondents, DFCM received an impressive score of **3.35 on the Person-Centered Primary Care Measure** which assesses several aspects of primary care, including accessibility, advocacy, goal-oriented care, and prevention management.

Thank you for sharing your feedback!

If you have noticed any differences or have any ideas, please share with our clinic staff.
